

samaSOURCE

## Software Engineer (Part-Time Volunteer)

Samasource is a startup social enterprise that seeks to create dignified digital work opportunities for women, youth under 30 and refugees living around the globe in poverty. These are educated workers who have school and work experience and who have participated in Samasource training programs.

We are a small, dynamic team composed of Harvard, Stanford, and Dartmouth alums committed to changing the world through socially responsible business. We are incorporated as a 501(c)(3) nonprofit but we have the culture of a technology startup.

Samasource has differentiated itself from traditional nonprofits by maintaining the culture of a Silicon Valley technology startup. As such, our innovative software and online platform are an essential component of our mission. As a member of the engineering team, you will be given the exciting opportunity to contribute to the growth of a young and fast-paced company and will play a key role in the development of Samasource's platform. These positions will report directly to the VP of Engineering and are an integral part of our small team.

Responsibilities include:

- Design and build innovative functions for our online platform
- Participate in the high-level design processes and implementations of new products
- Track site metrics through analytics tools and make informed front-end improvements
- Collaborate with other professionals to find efficient solutions for our needs, through partnerships and API integrations
- Write clean and effective code that is maintainable and expandable

Our ideal candidate:

- 1-3 years of experience in web development (PHP preferred)
- Experience in SQL, with strong familiarity with MySQL
- Experience with full LAMP stack
- Experience with agile development strategies
- Strong understanding of analytics and metrics-based implementation
- A desire to change the world

Located in a loft in San Francisco's SOMA neighborhood, we share offices with several other exciting social enterprises. You can learn more online at <http://www.samasource.org> as well as by following Twitter @samasource, facebook.com/samasource and our blog at <http://blog.samasource.org>. Apply by sending resume and cover letter to [jobs@samasource.org](mailto:jobs@samasource.org).
